CENTER FOR TECHNOLOGY LEADERSHIP AT EXCELSIOR COLLEGE®

Technology Leadership: A Foundation for Aspiring Chief Information Officers

Description: Designed for technology professionals who are considering their readiness for a Chief Information Officer (CIO) position, this course covers a wide variety of topics that are critical for success. Specific topics include:

- CIO Roles
- Leadership
- Communication
- Technology Governance
- Security and Compliance
- Current and Future Issues in IT
- Policy Development and Ethics
- Career Planning

Each topic is explored in-depth through presentations, case study, discussion, group work, and assignments. The class concludes with a series of advising sessions with CIOs affiliated with our program.

Outcomes: Upon completion of this course, students should be able to:

- Explain the current state of the CIO
- Identify and describe major issues facing the CIO
- Compare and contrast major information resources for the CIO
- Describe the major security and compliance issues in IT
- Describe the major ethics issues facing the CIO
- Explain how an organization's culture impacts IT governance and services
- Develop a career plan and assess individual readiness for a CIO position

Term Dates: November 4 – 8, 2013

Location: Excelsior College, Albany, NY

Prerequisites: Must currently hold an IT leadership position

Tuition: $2500

Resources: All required texts are included in the cost of tuition and will be provided to you upon registration. In addition, there are a number of reference articles available for your review through the Excelsior College Library and Gartner Research database.
