CENTER FOR TECHNOLOGY LEADERSHIP AT EXCELSIOR COLLEGE®

Leadership and the Chief Information Officer

Description: Developed for those serving as the senior information technology executive of an organization, this course covers a wide variety of topics that are critical to the success of a CIO. Specific topics include:

- CIO Roles
- Leadership
- Communication
- Technology Governance
- Budget and Finance
- Strategic Planning and Metrics
- Policy Development and Ethics
- Career Planning

Each topic is explored in-depth through presentations, case study, discussion, group work, and assignments. The class concludes with a series of advising sessions with CIOs affiliated with our program.

Outcomes: Upon completion of this course, students should be able to:

- Classify the roles of the CIO
- Analyze leadership as it applies to the CIO and IT department
- Evaluate organization dynamics and implement/adjust the goverance model
- Describe the characteristics of IT department financial and budgeting models
- Compare strategic planning processes and models
- Identify policy development and ethics challenges in IT departments
- Describe successful CIO-Executive and CIO-Board interactions and relationships
- Initiate a CIO career plan

Format: Face-to-Face

Course Dates: October 15 – 19, 2012

Prerequisites: Fewer than five years as the senior information technology executive of an organization

Tuition: $2500

Resources: All required texts are included in the cost of tuition and will be. In addition, there are a number of reference articles available for your review through the Excelsior College Library.
