

## Excelsior College One Year Survey Results

*(Updated September 2012)*

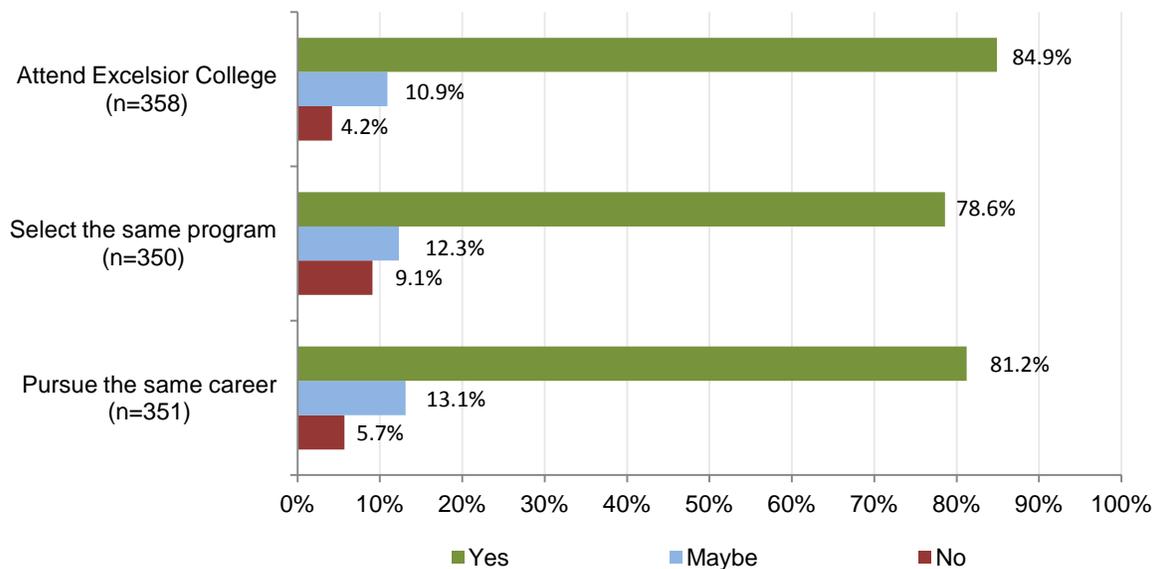

This survey is part of an effort to learn as much as we can about the experiences of our graduates while enrolled at the College. The data we are collecting is very important to the College as we engage in the ongoing process of program review. As a recent graduate of the college alumni feedback is extremely valuable to us as their responses help ensure the quality and continued accreditation of our degree programs.

The One year survey collects information on the graduates' satisfaction with Excelsior College, their future educational plans, current educational, employment, and income status, and impact that the educational process has had on these career and educational goals.

The One Year Post-graduation survey was sent to 3,891 undergraduate graduates. A total of 366 responded, resulting in a response rate of 9.4%. Respondents to the survey graduated between July 2010 and June 2011.
