

# Undergraduate Application for Admission

## Thank you for your interest in Excelsior College.

**School of Nursing students:** All nursing students must apply for admission prior to enrollment. If you were previously admitted to the School of Nursing more than six months ago, you must re-apply for admission.

If you have been withdrawn from a **business, health sciences, liberal arts, public service, or technology** degree program within the last five years, please contact your Academic Advising Office as you may not be required to submit an application.

If you are a graduate of a **business, health sciences, liberal arts, public service, technology, or nursing** degree program, please contact your Academic Advising Office as you may not be required to submit an application.

## Required Documents

You are required to submit **official** transcripts as part of the application process. Please note we do not accept electronic transcripts at this time. Official transcripts/documents are those that a college, testing agency, or education office submits directly to Excelsior College, Office of Registration and Records, 7 Columbia Circle, Albany, NY 12203-5159. Official transcripts must include: the institution's official seal; registrar's signature (this is usually a stamp); and two forms of identification (e.g. social security number and current address, or current address and date of birth). **Note: The issuance date of the transcript must be within three weeks or less.** Do not submit unofficial copies as they cannot be used to evaluate prior credits.

## School of Business & Technology

Electronics/computer courses for degree programs **other than the Bachelor of Science in Information Technology** have a 10-year time limit, which **can** be appealed.

Transfer credits for which an appeal can be made require submission of a completed time limit appeal form with this application. However, if we are not able to do that we will contact you and request that you submit this documentation to us. Associate degree nursing students will need to submit the following two additional items: 1. Verification of Health Care Experience form (downloadable from our website) and, 2. their official TEAS (Test of Essential Academic Skills) scores. ## International Nurses School of Nursing Candidates

Admission to the associate degree in nursing programs is not open to international students. For the other programs, in addition to official transcripts, nursing candidates must demonstrate that they have an equivalent U.S. Registered Nurse (RN) licensure. To be eligible for admission, the applicant must be a graduate from an approved school of nursing in their country of education and hold a current, unencumbered nursing license (if licensed in multiple jurisdictions and/or countries, all licenses must be unencumbered). All nursing school transcripts and all licenses will be validated by primary source verification.

International candidates must apply to the Commission on Graduate of Foreign Nursing Schools (CGFNS) New York Credential Verification Service (NYCVS) and the New York State Education Department (NYSED) to have their foreign nursing education evaluated and approved by the aforementioned organizations. For more information, visit

Since NYSED only issues an official NCLEX eligibility document to applicants directly, and will not send the document to Excelsior College, international applicants must forward the unopened official NCLEX eligibility document to Excelsior College. When international applicants receive the official NYSED document in its sealed envelope, they must insert the unopened envelope into an outer envelope and forward it to Excelsior College. International applicants should also write their full name, permanent address, and date of birth on the outer envelope.

The evaluation of credentials from outside the United States, all applicants must use one of the approved agencies noted previously. CGFNS New York Credential Verification Service (NYCVS) and the International Consultants of Delaware (ICD) Course by Course Services are offering Excelsior College applicants a dis-

count when using their combined services. This bundle service package represents significant savings with a discount being applied to the ICD Course by Course Service. This one-stop service helps applicants reduce expenses and save time in completing all the required procedures necessary for admission. If applicants choose to apply for NYCVS and the Course by Course Service separately, they will pay the full price. Applicants who wish to take advantage of this bundle service package must visit

In the event that Excelsior College receives an opened document, it will be considered unofficial and will not be considered for eligibility or evaluation; the opened document will be returned to the applicant. In this case, it becomes the applicant's responsibility to contact NYSED or ICD and request another official copy to be forwarded, unopened, to Excelsior College by the applicant.
