This program plan outlines how students can transfer credits from the Monroe Community College A.A.S. Nursing degree program to the Excelsior College BS Nursing degree program. Upon completion of your nursing degree and validation of your current, unencumbered RN license, the following credits will apply for students enrolling in the BS Nursing program.

Students can complete General Education requirements through Excelsior College via online courses, credit by exam or they can take them at another regionally accredited two or four year institution.

31 credits to be taken at Excelsior.

Students are required to take a minimum of 12.00 course credits from Excelsior to qualify for partner pricing.

Information Literacy, Advanced Expository Writing and Upper Level Ethics are pre-requisites for the nursing component.

The Capstone must be completed at Excelsior and is the final stand alone nursing course.

Excelsior College reviews every student individually and this guide is just a sample scenario. Actual requirements will be dependent on the courses a student transfers to Excelsior.

### Evaluation Summary

<table>
<thead>
<tr>
<th>Credits Accepted from Associate Degree</th>

What are Arts and Sciences?

We offer the following definitions to help you make these determinations. Remember, however, that before you pay to take a course or examination you should always consult with your advisor to make sure that it will help meet your degree requirements.

**Humanities**

Humanities subjects focus on developing knowledge and skills in critical reading, logical thought, and aesthetic appreciation. Here are some subject areas typically classified as Humanities:

- Art
- Philosophy
- Music
- Foreign Language
- Literary
- Theater
- Ethics
- Speech
- Religion
- Communication

**Social Sciences and History**

Social Sciences and History subjects focus on individuals and society and the processes individuals use to order their world. Here are some subject areas typically classified as Social Sciences and History:

- Psychology
- Economics
- Sociology
- Geography
- Political Science
- History
- Anthropology

**Natural Sciences and Mathematics**

Natural Sciences and Mathematics subjects focus on understanding the natural world and problem-solving processes. Here are some subject areas typically classified as Natural Sciences and Mathematics:

- Anatomy and Physiology
- College Algebra
- Microbiology
- Calculus
- Chemistry
- Genetics
- Biology
- Physics
