Description of Visit

From April 27-29, 2004, four representatives of Criminal Justice Training Assessment conducted a site visit to the Cedar Valley College Law Enforcement Academy to assess the Basic Peace Officer Course offered by the Training Academy. On the first morning (Wednesday, April 27, 2004), the team assembled at Cedar Valley Community College. Following a brief organizational meeting and introductions to the academy staff, the assessment team was shown to the designated meeting room to access all the necessary materials and to begin the assessment process. The team determined that the beginning of the day would be spent organizing the various subject modules of the recruit training program into familiar college course content areas. Before finishing for the day, the course areas were discussed and then assigned to a specific faculty member to begin reviewing.

Consultant Hurley reviewed the Intercultural communications and Multicultural Families and Violence blocks of instruction. Consultant McGreevy reviewed the Introduction to Criminal Procedure and Introduction to Criminal Law blocks of instruction. Consultant Kinnaird reviewed the Health and Wellness, Police Professionalism, Introduction to Criminal Investigations, Traffic Procedures, Use of Force and Arrest, and Emergency Management blocks of instruction. The above list of courses was developed from a list of subjects mandated by the Texas Commission on Law Enforcement Officer Standards and Education (T.C.L.E.O.S.E.) and from the supplemental subject areas included in the training programs at the Cedar Valley Law Enforcement Academy.
The team began the second day by continuing to review the assigned materials. Due to the quality and nature of delivery of the materials, the assessment team was able to complete the assessment by early afternoon. By late afternoon on the second day, the team conducted and exit-interview/debrief with the staff and administration of the training academy.
