

**TO:** Future Excelsior College Nursing Students from Michigan  
**FROM:** Excelsior College Admissions Office  
**RE:** Current Michigan State Board Status

The Michigan Board of Nursing permits Excelsior College graduates to apply for licensure in the state of Michigan. However, the state anticipates revising licensure regulations, which may potentially create new accreditation requirements that take effect in 2025. Michigan students who graduate from Excelsior's Associate Degree in Nursing program before 2025 will still qualify to apply to take the NCLEX for a Michigan nursing license.

At this time, we are uncertain what, if any, impact Michigan's revised licensure requirements will ultimately have for students who do not graduate before 2025.

In order to process your undergraduate application for admission to the School of Nursing, select one of the options listed below. Then sign and return this document for processing.

I am aware that the Michigan Board of Nursing is revising its licensure requirements and this may impact graduates of the Excelsior College School of Nursing who do not complete their degree prior to 2025.

I have decided NOT to enroll in Excelsior College at this time. Please return my application form and fee and/or enrollment.
