Logistics Management	Completion Rate	N/A	-
Management of Human Resources	Completion Rate	17%	17.4%
Marketing	Completion Rate	11%	34.1%

**Calculations for Measures**

MEASURE	DESCRIPTION AND HOW IT WAS CALCULATED
Completion Rate for Master's Level Programs	<p>Students enrolled in prior "no concentration" versions of the programs were included in the current "general" versions. Completion is determined at 150% of normal time to completion (3 years after the enrollment date for master's degree programs).</p> <p>N/A indicates that the program concentration has not been offered long enough to have students reach the 150% of normal time to completion.</p> <p>Percentages are calculated for program combinations with 20 or more students that began their enrollment in the program on or before 11/18/2019.</p>
Completion Rate for Bachelor's Level Programs	<p>Students who take multiple concentrations are included in each concentration.</p> <p>Completion is determined at 150% of normal time to completion (6 years after the enrollment date for bachelor's degree programs).</p> <p>Percentages are calculated for program combinations with 20 or more students that began their enrollment in the program on or before 11/18/2016 (have had 6 years pass since enrollment).</p> <p>N/A indicates that less than 20 students have reached the 150% of normal time to completion for that specific concentration.</p>
