Total Credits	31

* This requirement must be completed within the first 13 Excelsior College credits attempted, and no more than five years prior to the academic policy date.

** Students are eligible for this requirement when the ethics core requirement is complete, when they have no more than 6 credits in general education still needed, and when all other nursing courses are complete. The nursing elective is the only nursing requirement that can be taken along with the capstone course.

Evaluation Summary	Semester Hours
Credits Accepted from Associate Degree	30
Additional Credits beyond the Associate Degree *	30
30 semester hours of lower level Nursing credit granted for prior learning validated by nursing education and successful completion of the NCLEX-RN examination.	30
Credits from Excelsior **	31
Total Credits Required for Bachelor's Degree	121

* Students can take these courses at Excelsior College or another degree granting institution. Students should contact Excelsior College for approval before registering to ensure the transferability of this credit.

** Students are required to take a minimum of **12.00 online course credits** from Excelsior to qualify for partner pricing.

NOTE: Excelsior College reviews every student individually and this guide is just a sample scenario. Actual requirements will be dependent on the courses a student transfers to Excelsior.

What are Arts and Sciences?

We offer the following definitions to help you make these determinations. Remember, however, that before you pay to take a course or examination you should always consult with your advisor to make sure that it will help meet your degree requirements.

Humanities

Humanities subjects focus on developing knowledge and skills in critical reading, logical thought, and esthetic appreciation. Here are some subject areas typically classified as Humanities:

Art, Philosophy, Music, Foreign Language, Literature, Theater, Ethics, Speech, Religion, Communication

Social Sciences and History

Social Sciences and History subjects focus on individuals and society and the processes individuals use to order their world. Here are some subject areas typically classified as Social Sciences and History:

Psychology, Economics, Sociology, Geography, Political Science, History, Anthropology

Natural Sciences and Mathematics

Natural Sciences and Mathematics subjects focus on understanding the natural world and problem-solving processes. Here are some subject areas typically classified as Natural Sciences and Mathematics:

Anatomy and Physiology, College Algebra, Microbiology, Calculus, Chemistry, Genetics, Biology, Physics
